## Notice of Possible Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there may be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of any fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

### ***Drawings***

2. The drawings filed on March 2, 2001 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftperson's Patent Drawing Review," PTO-948.

### ***Allowable Subject Matter***

3. Claims 13-24 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The edge-lit illumination system disclosed by the applicant generally comprises:

- a light transmitting sheet and a light source;
- the light source positioned in a housing, and additionally being located adjacent an edge of the light transmitting sheet;
- the light transmitting sheet having its opposite surfaces carrying markings on at least one surface; and
- the markings being disposed in dot-matrix within its nominal surface area.

The above-indicated edge-lit illumination system disclosed by the applicant is known in the art. However, the prior art of record, including Ashall (International Application No. WO 92/05535, does not show or suggest the applicant's invention as claimed. Specifically, the prior art of record does not disclose proper motivation for combining a light-transmitting sheet having at least one surface with random positioning of markings. Instead, Ashall teaches an edge-lit illumination system comprising a light-transmitting sheet with a surface bearing a regular dot matrix of markings. The claimed random distribution of markings produces illumination optically different than that generated by a regular pattern of a dot-matrix marking. The combination of the above-indicated features including a light-transmitting sheet bearing randomly distributed marking makes this disclosure unique.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
